NOTIFICATION OF RIGHTS UNDER FERPA

For Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write to the school principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Derby School District to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-5920

DUE PROCESS PROCEDURES

Student Rights:

Students have the right to have a defined procedure for considering student problems and arriving at decisions. This procedure is called *due process*. It is designed to protect students from the exercise of arbitrary authority.

Student Responsibilities:

Students have the responsibility to be aware of the steps of due process. They should cooperate with school authorities by providing the full information needed to make a prompt, fair decision.

Due Process Procedure:

In disciplinary cases carrying the potential of suspension, students are entitled to a form of due process which includes the right to:

1. Notification of specific charges and evidence against them.
2. Present their defense in an informal hearing with a building administrator.
3. Receive notice of the decision reached.
4. Appeal a decision containing a substantial error to the principal.

Derby Board of Education - Statement of Philosophy

The Board of Education believes that the educational programs and services available in the school system are designed to provide opportunities for the academic, social, and emotional growth of our student population. Among its high priorities, the Board accepts the national challenge that academic excellence and quality education must be achieved and maintained within the fiscal parameters of the community. To that end, every effort will continue to be made to support the Superintendent, administrators, and staff, both professional and non-certified, in their recommendations to improve, expand, or change current programs and services.

The Board of Education also places a high premium on accountability: in measurable achievement of student learning; in the evaluation of all staff performance and including the Board; in commending individual student and staff performance; in maintaining appropriate fiscal controls. The Board recognizes that continuing improvement of the school system rests on the professional abilities and commitment of the various staffs in the schools. The leadership role of the Superintendent and the policy and decision-making roles of the Board will be successful concomitant with the efforts of all concerned with the educational progress to work together to achieve those common goals. Incumbent with those roles is the high order need to communicate, to engage in constructive discussions when addressing identifiable change needs in the system, and to develop strong rationales with supportive data to support program or service recommendations.

Recognizing that within a school system there are diverse issues, strengths, and weaknesses, the overriding philosophy is to coalesce the positive energies of all involved personnel into a

strong unit working together. There always is to be the opportunity for the alternative or divergent opinions to be considered in any decision-making process. When a final decision is made, however, there is an expectation that everyone will work in concert with the intent of that decision. To do otherwise would be counter-productive to the system's ability to progress.

Students are the primary focus of the system's activities, processes, and procedures. They have been entrusted to us for the expertise we can and do provide. That is an enormous responsibility. That responsibility is the staging upon which the Board accepts its role as an educational agency and advocate. That is the responsibility of the Board of Education charges the system personnel to accept with total and unequivocal professionalism. (Policy adopted: December 20, 2001)

Equal Opportunity Plan

The President and the Congress of the United States, and the State of Connecticut, have enacted laws and issued directives affirming their intent to protect and grant equal opportunity to all employees and students. Also the federal government and the State of Connecticut have enacted and enforced laws on equal employment and equal educational opportunities.

The Board of Education reaffirms its policy of equal educational opportunity for all students and prohibits discrimination because of race, color, religious creed, age, marital status, national origin, sex, ancestry, present or past history of mental disorder, mental retardation, pregnancy, or physical disability, in district educational programs and activities including, but not limited to, course offerings, athletic programs, guidance and counseling, and tests and procedures. An affirmative action program shall be an integral part of educational policies and programs.

The Board of Education also reaffirms its policy of equal employment opportunity for all persons and prohibits discrimination in employment because of race, color, religious creed, age, marital status, national origin, sex, ancestry, present or past history of mental disorder, mental retardation, pregnancy, or physical disability, except in the case of a bona fide occupational qualification or need. Sexual harassment is prohibited in employment decisions, nor shall decisions be influenced, affected or determined on the basis of membership in or holding of office in an employee association or union. This policy shall be relevant to every aspect of employment including, but not limited to, upgrading, demotion or transfer, recruitment and/or recruitment advertising, layoff or termination, rates of pay, other forms of compensation including fringe benefits, employment selection, or selection for training and apprenticeships, promotion or tenure. These statements shall be made available to all present and future employees and students. (Policy adopted: December 20, 2001)

NOTIFICATION OF INTENT TO RELEASE STUDENT INFORMATION TO MILITARY RECRUITERS WITHOUT PRIOR CONSENT

The No Child Left Behind Act of 2001 and the National Defense Authorization Act of 2002 require the Derby Board of Education to provide, upon a request made by military recruiters or institution of higher education, access to secondary school students' names, addresses, and

telephone listings. These statutory provisions as they concern Connecticut school board took effect on May 31, 2002.

However, a parent or guardian of a secondary school student or the student himself/herself, if he/she has reached the age of majority ("eligible student") may object to the release of the student's name, address and telephone listing to the recruiter. Parents, guardians and students who have reached the age of majority who do not want the student's name, address, and telephone number released to military recruiters should direct a letter in writing to the principal at Derby High School, 75 Chatfield Street, Derby, CT 06418.

Certain information about your child can be withheld if you so desire. We publish positive information about children such as honor rolls, spelling bee winners, birthday board, and other awards received in school. From time to time, reporters may come to school to take photos at assemblies which may be published in local papers. If you have a problem with any of the above, please contact the office.

COURSE OF STUDY

The selection of the curriculum should be the result of considerable thought and study on the part of the parents, teachers and students. A wise selection of a curriculum requires consideration of such factors as past school records, vocational interests and special talents and abilities. The principal, teachers and school counselors will offer guidance and information, but the final choice rests with the parents and students. Before you begin to select courses, consider the following questions:

1. How well have I done in school so far?
2. In what subjects have I been particularly interested?
3. What are my post-high school plans? How are these related to what I have done and will be doing while at Derby High School?
4. Have I looked into the process of college selection? Have I looked into the possibility of beginning my career after graduation from high school? Have I discussed these plans with my parents or guardians and my school counselor?
5. What extracurricular interests do I have? How important are they in my total school program and career goals?

Some of these questions may be difficult to answer on your own. Make certain that you have talked with people who may be able to give help - your parents/guardians, your teachers, your counselor and representatives from college, business and industry. Be sure that you spend some time with your school counselor in working out the answers and in selecting your courses during the course of your high school years.

The program in the high school is designed to provide the foundational education every student needs and to offer specific subjects which meet some of your personal objectives. The eventual transition from school to career should be considered. Your ability, interests and future plans should serve as a guide in the selection of your courses.

CONNECTICUT STATE DEPARTMENT OF EDUCATION **STUDENT SUCCESS PLANS**

The Student Success Plan (SSP) is an individualized student driven plan that will be developed to address every student's needs and interests to help every student stay connected in school and to achieve postsecondary educational and career goals. The SSP will begin in the 6th grade and continue through high school to provide the student support and assistance in setting goals for social, emotional, physical and academic growth, meeting rigorous high school expectations, and explore postsecondary education and career interests. The Student Success Plan and supporting structures such as student portfolios and academic/personal records should be electronic and portable following the student from school to school and district to district.

CHANGES IN STUDENT SCHEDULES

You will select courses in the early spring of each year for the following academic year. You must keep in mind that this selection represents a *final choice of courses*, with some exceptions:

1. If you have completed satisfactorily a summer school study of courses which were failed or incomplete in June, then you may apply for a program change during the summer.
2. If your educational objectives have been altered significantly, then an individual interview with a counselor before the opening day of school may result in a recommendation for change.
- **Any student request for program changes must be accompanied by a letter from the student as well as the student's parent and/or guardian indicating approval of such requests.**

Protocol for adding/dropping a course:

1. Students will be given an option to add or drop a course until **two weeks** into the semester.
2. Counselor will check for space availability.
3. Counselor will give the student a Schedule Change Form with a directive that the form must be returned by the next day with the teacher and parent/guardian signature indicating approval.

** Teachers should be made aware that if a student's name appears on their class roster, they are responsible for that student. DO NOT assume that a course change has occurred because

a student has expressed an interest in dropping. The ADDING teacher should sign first. The DROPPING teacher should not sign unless the adding teacher's signature is on the form.

** Any further schedule changes after the two week period (the withdrawal deadline) require a request in writing from the student as well as the student's parent or guardian indicating approval of such requests. Final decision will be made by administration.

** Requests that involve a LEVEL CHANGE require completion of the **Request for Change of Schedule/Program Form**. Any student request for program changes must be accompanied by a letter from the student as well as the student's parent or guardian indicating approval of such requests. The final decision will be made by administration.

GRADING PROCEDURE FOR DROPPED COURSES

Deadline for Dropping a Course:

0.5 and 1.00 accredited courses - End of the first marking period

- A student who withdraws from a course with a passing grade after the course withdrawal deadline has passed will receive a "WP", which will appear on the student's permanent record and transcript.
- A student who withdraws from a course with a failing grade after the course withdrawal deadline has passed will receive a "WF", which will appear on the student's permanent record and transcript.
- If a student drops a course prior to the withdrawal deadline, the course will not appear on the student's transcript or permanent record.
- We do not allow courses to be audited once a student has been registered for the class.

Policy on Waivers of Level:

Derby High School recognizes the right of a parent/guardian to appeal a student's recommended level or course. Should a parent/guardian choose to do so, he/she should contact the student's school counselor who will provide the appropriate forms to complete.

Sports Eligibility:

The Connecticut Interscholastic Athletic Association (CIAC) mandates that all students, in order to be eligible for athletics, pass at least **four full-time courses** for the quarter prior to the start of the season and during any given season. **At Derby High School, students must earn a minimum of 65 in order to be considered passing.** Incompletes are not considered passing. Please visit <https://ciacsports.com/site/> for further information regarding CIAC athletic eligibility and academic eligibility for the NCAA Clearinghouse.

Independent Study:

Independent Study in any subject area requires prior approval of the department coordinator and the administrative team. Independent study projects may not be used for meeting

departmental requirements for graduation except in most unusual circumstances with the approval of the Principal.

REPORT CARDS

Report cards are formal reports of a student's progress which are issued at the close of each marking period. Since there are four marking periods, report cards are issued four times a year: November, January, April and June.

PROGRESS REPORTS

Progress reports will be issued to all students at the midpoint of each marking period.

HOMEWORK POLICY PHILOSOPHY

The purpose of homework is to help students become self-directing, independent learners. It shall be related to the system's philosophy of education and to each school's goals. Homework assignments shall support clearly defined school and classroom objectives and shall be used to reinforce or enhance school experiences as an application or adaptation of those experiences. The emphasis shall be placed on the value of the assignment to the child. Homework shall not be assigned simply to provide busy work for the children or for disciplinary purposes.

The immediate purpose of a specific homework assignment may be to strengthen basic skills; extend classroom learning; stimulate and further interests; reinforce independent study skills; develop initiative, responsibility and self-direction; stimulate worthwhile use of leisure time; and acquaint parents with the work students do in school.

HOMEWORK

1. Homework assignments must be a meaningful experience consistent with the goals and objectives of the daily lesson.
2. Homework should be designed to inform the teacher as to the effectiveness of the instructional process.
3. Homework will never be used to enforce discipline.
4. Samples of student homework will be kept on file by the teachers as reference at parent conferences.

MAKE-UP WORK/LATE WORK POLICY

In order to ensure that students are being held accountable consistently for homework, classwork and late work, the following policy was created by the School Improvement Team.

1. Students who have been absent are required to consult their classroom teachers about work missed as a result of the absence. If absent on one day, the student is responsible for the work previously assigned and due on the day he/she returns (unless excused by the teacher). This policy does not apply to students returning from suspension.
2. Classwork is expected to be completed during the period assigned; work not completed will result in no credit being issued.

3. Homework is expected to be turned in to the teacher on due date upon arrival to class; homework not completed on time will result in no credit being issued.
4. Projects, essays, labs, and other assignments are expected to be completed and turned in on the date due at the designated time. Assignments that are late, will result in the loss of a minimum of 10% or one letter grade per calendar day. Assignments will not be accepted after five calendar days past the due date.
5. Tests, quizzes, labs, and presentations that are missed due to an absence, needs to be made up within three school days (arrangements made with classroom teacher).

PARENT OR GUARDIAN PARTICIPATION

1. The student should have a place to study which is conducive to concentration.
2. An effective routine for study should be arranged and encouraged.
3. There should be parental help in performance of homework and long term projects and assignments of principles, rather than actual performance of the work. This assistance should be minimal, since homework assignments are designed for independent performance by the student.
4. Parents should discuss specific problems concerning their child's homework with the child's teacher or guidance counselor.
5. Parents should arrange with the school to secure assignments during periods of long absence.

HONOR ROLL

- High Honors: Grades must be ninety (90) or above (regardless of academic level) and with no more than one grade between an 83-89.
- Honors: All Grades must be eighty (80) or above (regardless of academic level).
- All courses are counted when calculating honor roll except for Pass/Fail courses.

Transfer Students: Students who transfer into Derby High will have their records incorporated into our ranking only if he/she has enrolled at Derby High School by the second semester of their junior year. The students' guidance counselor will reflect this information to sending schools and colleges. Any transfer student must be aware that he/she may not be eligible to participate in athletics. He/she should confer with his/her coach and with the Athletic Director as soon as possible. The CIAC transfer rule is available in Guidance and from the Athletic Director.

EXAMS

Exams are given during the months of January and June. The exams are ninety minutes long and are mandatory. Only seniors who have attained a 90 average for three quarters are exempt from final course exams. Semester grades are attained by averaging the first quarter grade (2/5), the second quarter grade (2/5) and the exam grade (1/5). Final grades are attained by averaging the first semester (1/2) and the second semester (1/2) grade. Students are expected to attend exams on the day that they are scheduled, any student with a conflict should complete

the exam change of date form and submit the form to the assistant principal or principal for approval. Any student who is absent from an exam must provide written documentation for their absence in order to be granted permission to take a make-up exam.

ACADEMIC INTEGRITY: CHEATING

Achieving and maintaining academic integrity is a student's responsibility; thus, all students are expected to meet the district's standards in scholarship and personal integrity. Specifically, students are expected to refrain from *cheating* to gain an unfair advantage on tests, quizzes, or academic assignments through dishonest methods.

Cheating is defined as "sharing" student work that should be individually produced; using crib notes during assessments; sharing information about an assessment with students who have not completed the assessment; obtaining or passing unauthorized copies of or information about tests, quizzes, or other course assignments; stealing or unauthorized copying of another student's answers, homework, notes, or course materials. For high school students, violations of this policy could have an impact on candidacy for the National Honor Society, academic scholarships and awards, as well as college recommendation letters.

ACADEMIC INTEGRITY: PLAGIARISM

Academic integrity is a student's responsibility; therefore, all students are expected to meet the district's standards in scholarship without plagiarizing the work of others. *Plagiarism* is defined as intentionally or unintentionally presenting another's work as your own using direct quotes, paraphrases, and specific ideas of another person without explicit citation; obtaining and submitting work from the Internet (including online translators) as your own; supplying / selling your work to another; inventing / counterfeiting sources; purchasing or copying pre-written papers, etc. For high school students, violations of this policy could have an impact on candidacy for the National Honor Society, academic scholarships and awards, as well as college recommendation letters.

DERBY HIGH SCHOOL PARENT – SCHOOL COMMUNICATION

Derby High School encourages parents to take every opportunity to foster positive dialogue with faculty and staff. In the event a question or concern arises, parents should make their first contact with the classroom teacher. If the situation remains unresolved, the parent should then seek conversation with the department head, school counselor, or program manager (for special education students). Should the situation continue to be an issue, the parents should contact the school administration (the assistant principal and then the principal), followed by central office personnel (Director of Student Services for special education students and then the Superintendent of Schools). The final step in the district communication process is to the Board of Education where a request for a meeting will be considered only after all the above mentioned steps have been exhausted.

OPEN HOUSE AND CONFERENCE DAYS

Open House is held in September and Conference Days are held in November. At this time parents have the opportunity to see the school and confer with each teacher, school counselors,

and administrators as to the progress of their children. Other parent conferences may be arranged with any of the above by appointment. Student problems and progress may be discussed at that time.

PARENT PORTAL ACCESS

The Derby Public Schools affords students and parents/guardians access to both attendance and current grades through our on-line parent portal. Please refer to the district web-page (www.derbyps.org) for access information.

GRADUATION

Graduation festivities open with the annual Senior Class Night. Yearbooks are distributed on this night. When the weather permits, graduation exercises are held at Payden Park. No student will be allowed to participate in the graduation ceremony unless he/she has completed the necessary graduation requirements at the end of the academic school year.

ATTENDANCE POLICY

1. The morning bell will sound at 7:15 and 7:25 a.m.
2. The final bell will sound at 7:30 a.m. at which time anyone not in his/her classroom will be marked absent.
3. All students will enter through the main doors near the gymnasium until 7:25. Any student arriving after 7:30 a.m. will need to enter through the attendance entrance, then sign in to obtain a tardy pass. The late pass must be presented to his/her teacher. The expectation is that students are present in class at the 7:30 a.m. bell. If you are dropping your student off to school, please plan to arrive on campus by 7:25 a.m. as this will give your student adequate time to enter the building and walk to class. PLEASE NOTE: The late pass does not excuse the tardy to school/ class. The pass only authorizes entry to the classroom and confirms the tardy to school.
4. If a student is not on the daily attendance list, the student will be considered officially present and any absence from class will be considered a cut.
5. Daily attendance lists are kept on the computer in the main office. If a student was tardy but was marked absent, before the end of the school day, the student should report to the office to correct the error.
6. A record of all attendance and tardiness will become part of a student's personal file.
7. Students are expected to attend school every day unless excused for illness or under previous arrangement with the principal. All absences must be confirmed by a parent. Failure to do so will result in the student being considered absent-unexcused from class.
8. Absenteeism:
 1. Students absent more than 5 consecutive days will be required to furnish medical evidence of that absence.
 2. In any case where students are absent more than 20 days for any reason, a conference involving administrator, parents, students, guidance personnel and other interested parties will be held prior to credit for a subject being granted. (See 20 Day Rule)
 3. Student will not be permitted to participate in interscholastic athletic contests, athletic practices, extracurricular activities, or other school-sponsored activities on the day they are absent from school.
 4. Students must be present in school for a minimum of four hours in order to be eligible to participate in any athletic or any other school activity
 5. Exceptions may be made only when extenuating circumstances prevail per decision of a school administrator.

It is the responsibility of the student and the parent(s)/guardian(s) to provide a parent note or other documentation to support the request for an excused absence immediately following the students return from this absence. Any consideration of absences beyond the defined limit in this policy will be made by the administration in consultation with the individual teacher(s) at the request of the student and parent.

LATE ARRIVAL POLICY

All students are expected to be on time to class. A warning bell in between classes signals that a minute remains until class begins. Students who cut class or who are frequently tardy to class run the risk of losing credit (see Handbook for Student and Parents: Attendance Procedures / "20 Day Rule"). A "Cut" is defined as any unauthorized absence from class. The following procedure addresses students who do not attend class or come to class late:

TARDY (Less than 5 minutes late to class)

Any student arriving late to class 5 minutes or less without a pass will be given an unexcused tardy. The student is responsible for all work missed as well as making up loss of time with the classroom teacher.

3 TARDIES = ONE ABSENCE TOWARD 20 DAY RULE*

TARDY-ABSENCE (6- 20 minutes late to class)

Any student arriving late to class more than 5 minutes but less than 20 minutes without a pass will be given a tardy absence. The student is responsible for all work missed as well as making up loss of time with the classroom teacher. **1 TARDY - ABSENCE = ONE ABSENCE**

TOWARD 20 DAY RULE*

***Unless student makes up time with teacher within 48 hours of tardy/tardy-absence to class**

TARDY-CUT (15 or more minutes late to class)

Any student arriving late to class more than 15 minutes will be given a tardy cut. In addition, a referral form will be submitted to the office and the student will receive a 90 minute Office Detention for the first offense. **1 TARDY - CUT = 2 ABSENCES TOWARD 20 DAY RULE**

TARDINESS TO CLASS

Students who are tardy to class will receive the following consequences:

1st offense - verbal warning from the teacher

2nd offense - teacher assigned detention

3rd offense - teacher assigned detention and parent notification by the teacher

4th offense - teacher will refer student to the administration for possible disciplinary action

Any further offenses of tardiness will result in other disciplinary action including assignment to in-school suspension.

CUT CLASS

According to Derby Board of Education Policy 5113, any student who is present in school but absent from class without permission from an administrator, nurse, faculty member, or authorized staff member will be issued a class cut. The teacher will submit a class cut form to the administration, and the administration will give an office detention and will notify the parent(s)/guardian(s) by letter. **A student who cuts a class a second time will lose credit in the course.** The teacher will submit a class cut form indicating a second class cut to the administration, and the administration will notify the parent(s)/guardian(s) of the loss of credit.

Loss of credit due to class cutting is not subject to appeal by the student unless the administration determines that extraordinary extenuating circumstances occurred in a particular case.

TRUANCY

If a student has four unexcused absences in any month or ten unexcused absences in a year, a meeting called by the school principal or his/her designee will be required. At this meeting the parent(s)/guardian(s) must be in attendance with appropriate staff to review and evaluate the reasons for truancy. If attempts to meet with the parent(s) or guardian are not successful, the school social worker will be asked to visit the home. This meeting is to be held not more than ten (10) days after the fourth absence as defined in 10-184 and 10-185.

20 DAY RULE

The 20 Day Rule applies to all classes taken. No student will receive course credit for a full year after having been absent from that course on an unexcused basis for more than twenty (20) class periods during the school year. The total number of absences will be ten (10) class periods for less than full year courses and for courses which meet other than five times per week. Any student who is thus threatened with loss of credit may appeal to the administration for an exception.

The twenty days are intended to include occasional absences due to illness, and OTHER MINOR ISSUES while school is in session.

For an absence to be excused from the 20-day rule, it must:

1. Be the result of a documented medical condition that has been registered with the student's school counselor which will then be verified by the school nurse and authorized by the school administration.
2. Religious observation
3. Documented education or legal appointments
4. School sponsored activities
5. Genuine family emergencies approved by an administrator

ALL OTHER ABSENCES WILL COUNT TOWARD THE 20-DAY RULE.

EARLY RELEASE FROM SCHOOL

1. Any student who wishes to be dismissed from school should submit a note to the main office by 8:00 a.m.

2. Notes will not be accepted after 8:00 a.m.
3. Parents/Guardians will be contacted by the school office for verification prior to the student being authorized to leave school grounds.
4. Early dismissal notes must be approved by the school administrator or his/her designee.

WITHDRAWING FROM SCHOOL

Students who are considering withdrawing from school, must meet with their school counselor to discuss the full ramifications of their decision. Should a decision be made to withdraw, they must follow the prescribed procedure. *Transcripts and records will not be released for transfer to other schools or employers until all obligations of any nature have been met.*

GENERAL INFORMATION

CLASS DUES

Students entering Derby High School are required to pay dues. Those may be spread out over four years in order to make it easier to pay the total. Student dues are used in their senior year to help reduce the cost of most senior activities. Class dues are \$160 per student. **Students from other schools transferring to Derby High School, regardless of the year of entry, must pay the total amount before senior activities begin.** The dues collected may be paid in installments or all at once. Senior activities include:

Graduation Exercises
Class Night Banquet
Caps and Gowns
Yearbooks
Junior/Senior Prom
Senior Field Day

Those individuals who fail to contribute their fair share and who wish to attend the social functions connected with graduation will have to make up the difference at the time of graduation.

WORKING PAPERS

Working papers may be obtained from the high school's main office. A birth certificate or baptismal certificate and a completed "Promise to Employ" note obtained from the employer are required documents. Working papers are needed for students 15-18 years of age who are hired for part-time or regular employment.

AGE OF MAJORITY RULES

In view of Public Act 127 of the 1972 Legislature which establishes 18 years of age as the age of majority, the following policies are adopted by the Derby Board of Education.

1. There shall be no drinking of alcoholic beverages prior to or during any school functions, regardless of location.

2. School regulations concerning all attendance matters (e.g. early dismissal, late admission, field trips, etc.) shall continue to be handled as they were previously. Eighteen year olds not living with parents(s) or guardian will be dealt with directly in attendance matters.
3. The school system recognizes its responsibility to the parent, regardless of the age of the students in its charge. All contacts and records shall continue to be maintained with the home. Eighteen year old students may request direct communication and parents shall be notified of that action. The school may continue or resume contact with parents at any time.
4. The school recognizes the right of the eighteen year old to examine all personal school records.
5. Any student at or above the age of majority who, independent of parents or guardian, takes up residence in the City of Derby and enrolls in the Derby School system shall be required by the principal of the school in which he enrolls to submit a Certificate of Residence certifying that he is indeed, in residence within the Derby school district, said Certificate to be attested to by the owner, renter, or lessee of the residence prior to the date of entrance of the registering student.
6. A Certificate of Residence can be picked up at the school or downloaded from our website.

The above policy regulations are adopted under the assumption that reasonable school regulations should apply to all students, regardless of age, and that persons 18 years of age or over will be considered students first and adults second.

3. Any student who is under suspension will not be allowed to participate in or attend any athletic contest, practice, school rally, concert, dance, or any other school sponsored exhibition until reinstatement by the administration. If a student returns to school for any reason while under a suspension, an additional period will be added to his/her original suspension.

Each of these students is asked to write an essay that sets forth his/her qualifications for membership. The selection committee relies heavily upon this essay, especially to learn about service and leadership. Class rank and transcripts inform the Faculty Council (five members) about scholarship. Students who meet all requirements will be invited to join the National Honor Society in the early spring. The National Honor Society Induction ceremony will be held at a ceremony in the late spring of that year.

ACCEPTABLE USE POLICY

In order for a student to use the computers and on-line services at Derby High School, an acceptable use policy form must be completed and signed by the student and his/her parent or guardian. This form is kept on file in the main office. The user agreement specifies student responsibilities when using computers, the Internet and other types of technology.

Telecommunications/Internet: Acceptable Use

The Board of Education recognizes the educational value of electronic communications and recognizes their potential to support the Board's educational program. Resource sharing, communication, and innovation capabilities for both students and teachers have increased with access to telecommunications and the Internet. It is imperative that members of the school community to conduct themselves in a responsible manner consistent with federal and state law while utilizing the Internet and any other electronic information retrieval system.

Laptops:

The expectation is that every student is bringing a fully charged laptop to school everyday. Students will be using Google classroom throughout the school year and will also need to access a variety of online programs including the CollegeBoard website as well as the Common App. and Naviance. Our goal is for every student to have the necessary "one to one" paperwork completed and submitted by the second week of school, this will allow for the timely distribution of laptops and chargers.

Guidelines for General Use:

With increased access to information from various sources via computers comes the availability of material that may not have any educational value in the context of the school setting. The Board recognizes the importance of the exercise of individual judgment in accessing information through the Internet and any other electronic information retrieval system for educational purposes. In the exercise of such judgment, however, the following guidelines should be followed:

1. Access to the Internet or to any other electronic information retrieval service is a privilege, not a right. Accordingly, access to such systems is given only to those individuals who agree to act in a considerate and responsible manner and agree to comply with Board policies and procedures.
2. All uses of the Internet or any electronic information retrieval service or any telecommunications network must be supportive of educational objectives and research and must be consistent with academic expectations.
3. Any electronic mail shall be used only by the authorized owner of the account. All account owners are ultimately responsible for activity under their account.
4. All electronic mail systems, the Internet and any electronic information retrieval systems are the sole property of the Board. As such, systems are provided solely for the purpose of carrying out the educational and operational needs of the Board.
5. Any use inconsistent with this purpose, including personal use is prohibited. Electronic mail is not guaranteed to be private; the Board of Education as owner of the computer and electronic systems reserves the right to monitor the use of such systems in order to insure compliance with these guidelines by, e.g., bypassing passwords.
6. Any use of the Board's computer systems, email systems, Internet or other electronic information retrieval systems for illegal or inappropriate purposes or for accessing material that is objectionable in any school environment, including vulgar or obscene materials, is prohibited.
7. Any use of these electronic systems for commercial purposes, financial gain, or solicitation is prohibited.

8. The transmission of any copyrighted or legally protected material over such electronic systems is prohibited.
9. Materials taken from electronic media are subject to the same rules for plagiarism as print materials.
10. The transmission of abusive, harassing, threatening or intimidating materials is prohibited. The user is expected to be polite and courteous while using the Board's electronic systems.
11. Any attempt to harm or destroy data of another user or engage in acts of vandalism will not be tolerated.
12. Violations of this policy may result in revocation of access to and privileges relating to the Internet or any electronic information retrieval systems. Violations of this policy by a student may result in disciplinary action, up to and including suspension and/or expulsion. In the case of any breach of this policy by an employee, such disciplinary action may include discharge.
13. The Superintendent of Schools will appoint one or more administrators to serve as the Board's "Internet Administrator", who will be responsible for implementing this policy, establishing procedures, and supervising access privileges.
14. Students have no reasonable expectation of privacy in the use of district electronic devices or resources including school-owned computers and tablets, district networks, and school email and other electronic accounts.

Internet Safety:

Each district computer with Internet access shall have a filtering device that blocks entry to visual depictions that are obscene, pornographic or harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or his/her designee. The Superintendent or his/her designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or his/her designee.

NOTE: The policy's provision for prior approval is not in the law and may be omitted. The entire sentence may be deleted if the Board does not want the filtering device to be disabled.

The Superintendent or his/her designee shall include measures in this policy's implementation plan and administrative regulation to address the following:

- a. Limiting student access to inappropriate matter as well as restricting access to harmful materials;
- b. Student safety and security when using electronic communications;
- c. Limiting unauthorized access, including "hacking" and other unlawful activities; and
- d. Limiting unauthorized disclosure, use and dissemination of personal identification information.

Guidelines for Student Uses:

Student use of the Internet and any other electronic information retrieval services is a privilege. Students in the Board's schools may use the Internet and any other electronic informational retrieving systems owned by the Board only when supervised by a teacher or a

paraprofessional. Further guidelines for the use of these electronic services may be developed by the Board's Internet Administrator.

Students who wish to use such electronic services and networks that are available to them may only do so provided that they:

1. Agree to comply with the Board's Internet acceptable use policies and, if applicable, any procedures adopted thereunder.
2. Sign the Board's Internet users agreement parent permission form, having obtained the signature of one parent or guardian if the student is under the age of eighteen.
3. Submit the completed agreement and consent form to the person so designated in each school building.
4. Do not make credit card or COD purchases over the Internet.

The only automobiles that will be allowed to park on the school grounds, in the area designated for students will be those that have been issued permits. Each permit will have a number and the permit will be valid only for the car that it is assigned to. Permits will be for the academic year only. Any student abusing his/her privileges will have the permit revoked. Any car found on the school parking lot without a permit will be towed away at the owner's expense. Permits will be issued by the administration. Upon arrival at school, students are not to remain in their car, but are to come directly into the building.

MEDICATION GUIDELINES

All medication except those approved for transportation by students for self-medication must be delivered by the parent, guardian or other responsible adult and shall be received by the nurse assigned to the school. The school nurse may administer medication to any student pursuant to the written authorization or an authorized prescriber and the written authorization of a parent or guardian. In the absence of a school nurse, only a 1) principal, 2) teacher, or 3) coach of intramural or interscholastic athletics (provided under regulations to be adopted by the Department of Public Health) may administer medication to any student in the school who has provided the aforementioned materials provided that such principal, teacher or coach has successfully completed specific training in the administration of medication (see BOE 5141.21 for complete details).

The Derby Athletic Department believes that interscholastic athletics is an integral and significant part of the student-athlete's academic, social, emotional, and physical development. Our athletic program is designed to be consistent with the basic philosophy of Derby High School and complete the total educational experience for our athletes. We will motivate our student-athletes to strive for excellence in academics and athletics, teach high moral and ethical values, and encourage them to reach their full potential in and out of the sports arena.

PHILOSOPHY

Successful athletic programs have specific goals. Some of those include: a positive experience for every athlete and a great sense of camaraderie and unity within their team; an environment that insures high ethical standards and expectations for fairness, equity, and sportsmanship for all of our student-athletes and coaches. In addition, the athlete learns the value of good sportsmanship and citizenship and gains self-reliance and understanding of the necessity for self-discipline and hard work to attain success. Students should learn that participation in athletics is not only a privilege but is also an honor that requires responsibility for maintaining one's academic standing in the classroom and for maintaining a high standard of conduct inside and outside of school hours as outlined in the student handbook and the Code of Conduct for Derby Public Schools.

A true athlete is someone of high moral character with a genuine work ethic. They contribute to a team in many different roles and always strive for improvement and efficient execution of skills, in practice as well as in competition. Play hard, play fair, and dedicate yourself to be the best you can possibly be, but most importantly, have fun! The rewards will stay with you for the rest of your life.

ELIGIBILITY

Athletes and coaches alike must remember that participation in athletics is a **privilege** and like any other **privilege**, it must be earned.

The rules of eligibility are designed to insure that the proper perspective on education is maintained at all times. All coaches should be keenly aware of the specifics of eligibility and the enforcement of these rules. This section of the handbook covers far more than eligibility. It deals with the establishment of rules as we strive to maintain standards of achievement and athletic program development. Discipline in athletics begins with the adherence to these standards.

A Derby High School student is not automatically eligible for the athletic program. Each student desiring to participate in one or more varsity athletic teams at Derby must comply with the following rules:

Basic requirements for participation:

1. Each Derby High School student desiring to participate in a varsity athletic program must have a permission slip signed by a parent or guardian prior to the beginning of the tryout or practice period in preseason.
2. Each Derby High School student desiring to participate in a varsity athletic program must have a physical examination and screening prior to the beginning of the tryout or practice period in preseason. The physical is good for one year. The screening will take place once at the beginning of the athlete's career at DHS. If a student does not utilize the free examination, offered by the school, he/she will be required to secure an examination by the physician of his/her choice, at his/her own expense. A waiver form must be signed by a parent/guardian, indicating what insurance company the parents have and whether or not the school insurance has been taken for that school year.
3. Each Derby High School student desiring to participate in a varsity athletic program or any extracurricular activity must be academically and legally eligible as detailed in regulations by the Connecticut Interscholastic Athletic Conference (C.I.A.C.).
4. Athletes are allowed to switch sports programs during the same season under the following conditions. He or she notifies the current head coach of his/her decision and the new head coach. Then each head coach along with the AD agrees to the switch. The switch must be made prior to the entry of the official team roster on the CIAC roster site.

CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE

ELIGIBILITY RULES

The C.I.A.C. is the coordinating body for all athletic competition in Connecticut High Schools. As a cooperating member of the C.I.A.C., Derby High School is obliged to comply with all the C.I.A.C. rules of eligibility. An athlete must pass 4 full time academic subjects for each marking

period in order to qualify to participate in a sport program. (PE class does not count) The exception is the 4th marking period. For the fall season, the athlete must have passed 4 full time academic subjects for the previous year-not just the 4th marking period. A current (1 year) and valid physical must be approved by the school nurse. We will provide free physicals in June and in late November for our athletes.

ATTENDANCE RULES

1. An athlete will not be allowed to participate in a practice or game unless he/she was in attendance at school on that day. Individual exceptions may be made if prior approval is secured in advance from the athletic director - appropriate form must be completed.
2. In order for an athlete to be considered in attendance in school on the day of a practice or game, he/she must have been logged in by 10:00 a.m. Individual exceptions may be made if prior approval is secured in advance from the athletic director. ATHLETES WHO COME TO SCHOOL AND ARE EXCUSED MUST GET THE APPROVAL OF THE ATHLETIC DIRECTOR BEFORE HE/SHE CAN PRACTICE OR PLAY IN A GAME THAT DAY.
3. Excessive unexcused absences from practice are grounds for dismissal from the team. The Head Coach will determine the validity and excessiveness of absences. ** A written record of absences will be kept. **
4. Tardiness to practice is grounds for denial of practice time, suspension from game participation or dismissal from the team. The Head Coach will determine the validity and excessiveness of lateness to practice.
5. It is the responsibility of the athlete to arrive at the designated departure location at the time prescribed by the Head Coach. If the athlete is absent the day prior to a weekday game, it is his/her responsibility to contact the Head Coach for departure time and location.
6. Athletes are not allowed to travel to sporting events or from sporting events on their own or with anyone else. They must travel with the team on the team carrier.

BASIC DUTIES OF CAPTAINS

Captains will be nominated by the head coach and then approved by the Athletic Director. Although the Head Coach assumes the responsibility for his entire program and the activities involved, listed below are the basic duties and responsibilities of a team captain:

1. The captains will conduct themselves, on and off the field and throughout the year, in an exemplary manner demonstrating high standards of leadership, citizenship, academics and sportsmanship which is representative of Derby High School.
2. The captain(s) have the responsibility for the over-all supervision of his /her teammates- The captain(s) are accountable to the head coach.

4. Captain(s) should help the head coach keep accurate and up-to-date records of all athletes who are participating in the particular sport and be part of the phone chain for cancelled practices and games.

TRAVEL TO AWAY CONTESTS

Players will understand that they represent the good name of Derby High School when they do travel and that their conduct is a direct reflection on our athletic program.

Players will not inflict damage to any part of the bus. Players will not bang on the outer hull, stand or pound on seats, write on any wall or seat or damage windows. Cleats are not to be worn on the bus at any time. They should be taken off before the student athlete enters the bus. Further, the bus driver will be treated with respect at all times. Profanity will not be tolerated. All team members will travel to away games and return from away games on the team bus. Riding home from away games with friends or relatives is not permissible. Team members are the responsibility of the high school until they arrive back at the school or field.

When team members travel to or from an away game they are under the jurisdiction of the coach and the high school. If a player should ride home with a friend or relative from a game and become involved in a car accident, the liability for the incurring injuries may fall on the coach and the high school. With this in mind, coaches should take care to insure the safe departure and return of their players.

When using the opponents' dressing room. Player's conduct is of the utmost importance. Note the general condition of the room both upon arrival and departure. If there is damage of any kind report it to your coach. At the end of the game, players should shower and dress as expeditiously as possible. Leave the opponents school or field as quickly as possible and do not return any cat calls that may be directed at you.

REPORTING ATHLETIC INJURIES

When an injury occurs, an accident report must be filled out by the trainer or coach and submitted to the school nurse. A copy should also be given to the Athletic Director. This process must be completed regardless of how severe the injury may have been.

The school insurance is a **secondary insurance** which is a supplement for some medical expenses after the parent's primary insurance has been exhausted. The injured athlete must return all other insurance forms and bills so they can be sent to the school insurance carrier. Our insurance carrier will determine if there will be any reimbursement. Derby High School is not responsible for any athlete's medical bills.

Every athlete must maintain a primary insurance carrier or sign a waiver to private pay any medical expenses before he or she can participate in our athletic program.

RULES OF CONDUCT FOR DERBY HIGH SCHOOL ATHLETES

GENERAL STATEMENT

The rules of conduct that govern the participation of any member of a team are established on the premise that the best possible atmosphere for success can be created. Further, the code of conduct for athletes is set forth with the purpose of assisting all participants to perform to their maximum potential in the best interest of their respective teams and the overall athletic program at Derby High School. In order to execute the philosophy of the Derby Athletic Program with the resulting benefits to student, coach, student body, school and the community, the code of

conduct must be followed. These rules will be enforced and fairly administered for all participants. Each program will have a set of rules for conduct which will be signed by the athlete and his/her parent or guardian.

SCHOOL ATTENDANCE

Participants in Derby athletic programs must be in attendance in school by 10:00 a.m. to be eligible for participation in the respective day's practice and/or game. Individual exceptions may be approved by the Derby High School administration when arranged in advance.

****Unexcused single period absences or cuts during a given day will result in an athlete being withheld from attending practice or a game on that respective day. ****

Extended absences for health or other reasons may result in the reexamining of the respective athlete's participation on an athletic team.

SCHOOL SUSPENSIONS DURING THE SEASON

If an athlete receives an in-school or out of school suspension they cannot participate in any sport activity or attend any home sport event during his/her suspension. Any violation will result in an immediate one week suspension (or additional week) from any team activity. If the same athlete receives **3 or more school suspensions** during their current season, he/she will forfeit an additional week of participation in their sport. The penalty will start immediately. Also, there will be a meeting between the athlete, his/her parent/guardian(s), the coach, the athletic director, and the principal to discuss their continuation with the team.

CONDUCT ON BUS TRIPS AND AT OPPONENTS' SCHOOLS

Participants in the Derby athletic programs will keep in mind that they are considered goodwill ambassadors or representatives of the school. Each athlete will act in a mature and positive manner. Further, athletes will be expected to act with the good grace and sportsmanship of "ladies" and "gentlemen" at all times.

Athletes will board buses on time for away games. Coaches will not be required to wait for team participants who are late in arriving for departure to away games. Any abuse to a bus will not be tolerated. Enthusiasm is understandable and expected, but it should not include pounding, stomping or any other form of physical injury to the bus.

In addition, athletes will refrain from any action that impedes the concentration and/or performance of the bus driver and his/her duties. Any damage to buses, caused by athletes, will be paid by the athletes of that team. Specific athletes entering into any of this negative behavior will be subject to dismissal from the team.

Athletes traveling to away contests will dress in a reasonable manner.

Athletes should refrain from bringing valuables along with them to away games, as the possibility of theft is a danger. Items that should be carefully checked, if brought in the first

place, include wallets, handbags, electronic devices, jewelry and sums of cash, Keep in mind that the schools you are visiting, the bus company, and Derby are not responsible for lost property.

When visiting other schools for away games, the utmost respect should be shown to that respective school's property including locker rooms, rest rooms, meeting rooms, gym, fields, grandstands, and equipment. Theft by any member of a Derby athletic team or the defacing of any property will result in the possible suspension or dismissal of that individual from the team.

Proper respect will be demonstrated to all individuals that the Derby athletic team participant comes in contact with during away games. Athletes will show a constant respect for all officials and their judgments. This same respect will be shown to members of the opponents' team and their coaches. Should fans in attendance, opponent team members, or even coaches, aim various comments or gestures at a Derby athlete, these forms of communication will not be returned. In returning such language or gestures, the Derby athlete lowers himself/herself to the level of those that can not control themselves. True sportsmanship and class can only be shown with what is performed on the courts or playing fields, and not with gestures, or language. Athletes who choose to utilize foul language, gestures, or other means of improper communication will subject themselves to suspension or possible dismissal from the team. Regardless of the outcome of the game at an opponents' school, athletes will board the bus in a quiet orderly manner. Athletes will not instigate any discussion with opponent fans, players or students that could result in a possible confrontation. By the same token, comments, gestures or thrown objects by fans, opponent school students or others will not be provoked or returned. On the return trip to Derby High School, athletes will refrain from sticking hands or other items out the windows. Gestures of an obscene nature or foul language to persons outside of the bus or in will not be tolerated. Once again, such action on the part of the athlete will result in the suspension or possible dismissal of the athlete(s) involved.

TRANSPORTATION TO AND FROM PRACTICES

Athletes wishing to participate in a Derby High School athletic program must make arrangements with parents or relatives to secure transportation to and from practice. Athletes should inform the person who is to pick them up at the time that the practice session will end. Athletes who live within walking distance of the school may use this method of transportation to and from practice. Athletes must plan to arrive for practice on time.

TRANSPORTATION TO GAMES

Transportation to away games is provided by Derby High School. Athletes are required to travel by that mode of transportation to away games only. Athletes are not allowed to use their own transportation or that of a friend or relative. Once again, the athlete must travel by bus or other carrier prescribed by the Director of Athletics. Further, all athletes traveling by bus or other transportation as sanctioned by the Athletic Department to away games will return by the same carrier. A parent may request a bus waiver for his/her son/daughter if there is an extenuating

family situation that will prevent the athlete from using the team bus. The waiver releases Derby High School from any transportation liability.

CARE OF PERSONAL EQUIPMENT AND PROPERTY

All athletes are responsible for the security of their personal property. Prior to practice or home games, clothing and any other items of a personal nature should be locked securely in the athlete's locker.

Athletes should refrain from using another athlete's locker or lock as this can cause problems should one of these athletes leave practice early or forget that he/she is sharing a locker or lock on that day. Items of particular value should be given to the Head Coach who may choose to lock these items in the coach's office.

At the onset of each season, the athlete is loaned the appropriate equipment, practice uniforms and game uniforms for his/her specific team. Once the athlete takes possession of this equipment and uniforms, it becomes the responsibility of that athlete to take reasonable care of these materials throughout the season.

Every item that is given to the athlete at the beginning of the season must be returned to the Head Coach at the end of the season. If the athlete fails to do so, he/she will be charged the replacement cost of those items that are not returned. **An athlete will not be allowed to participate in any other sport until payment has been received.** Also, that individual may be asked to give a deposit for his/her uniform each season. Keep in mind, that regardless of the condition of the equipment and/or uniform at the end of the season, all items must be returned. If the item is not returned or monetarily replaced, then that senior athlete will not be given a cap and gown for graduation.

Game uniforms will be worn for games in the manner detailed by the Head Coach. Uniforms will not be altered in a permanent way as to restrict the uniform's use in the coming seasons. Uniforms must be washed after every game. Athletes will pay for any uniforms that are discolored because they were not taken care of during the season. Sneakers, spikes or other forms of athlete team foot apparel are the responsibility of the individual athlete. The school will not supply these items.

SERIOUS OFFENSES AND RESULTING PENALTIES

As noted a number of times in this handbook, the athlete is a representative of Derby High School and is expected to portray a positive image. It is realized that athletes like all individuals are subject to error from time to time, however, the integrity of Derby High School and its athletic programs will be maintained at all times. In essence, this means that flagrant disregard for rules and the fundamental philosophy of Derby High School athletics will not be tolerated.

In the previous paragraphs of this section of the handbook, specific rules that deal with common sense, safety, respect for others and team decorum are detailed. What follows are offenses that when committed by an athlete, have a far reaching negative impact on the school, athletic

program, and students. These offenses will be dealt with swiftly and in the best interest of the parties noted above.

When there is a question as to whether a serious offense has occurred, a meeting will be held with the director of athletics, coach, and principal. Penalties will be determined by the above mentioned people. It should be understood that participation in athletics is a privilege and additional punishment may be given when the principal, athletic director or coach think it is warranted.

Every team participant should be made aware of the consequences of undertaking in any way, one or more of the major offenses listed below:

1. Possession and/or the use of dangerous drugs or alcoholic beverages

The possession of and/or use of any illegal drug, other dangerous controlled drug, or alcohol is a serious offense at any time of the year since it breaks state and federal laws governing same. Participants in Derby High School athletic programs should not possess or consume the aforementioned substances. Any student-athlete determined to be in possession of drugs or alcohol, or demonstrating documented symptoms of being under the influence of drugs or alcohol on school property, at school sponsored events, on school buses, or en route to or from school sponsored events by any means of travel for the first time during his or her tenure in the school district is subject to the following disciplinary procedure:

Any athlete violating this rule will be subject to the Derby Public School chemical health policy. In addition the punishment for the first violation will be an automatic suspension for $\frac{1}{4}$ or 4 weeks of the season. The second violation will result in automatic dismissal from the team for that season. The third violation will result in dismissal from the athletic program for the **entire year**.

2. Theft

An act of theft involving teammates, opponents, or other members of the school community will be considered a serious offense and dealt with accordingly. One of the fundamental components of athletics is trust among all parties involved. If an athlete steals from his/her teammates or opponent, it is safe to assume that the person involved will demonstrate other dishonest acts which will ultimately damage the success of the team and overall athletic program at Derby High School. The punishment for the above violation will be an immediate indefinite suspension or possible dismissal from the team for the season.

3. Vandalism

An act of vandalism and/or any other act of criminal mischief involving teammates, opponents or other members of the school community will be considered a serious offense and dealt with accordingly. Any intentional or reckless act of damage to tangible property of another including our school or any opponent's school by an athlete will impair the success of the team and overall athletic program at Derby High School.

The punishment for an intentional act of vandalism or criminal mischief will be an immediate suspension from the team for the season. The punishment for the first violation will be a

suspension for 2/10 of the season. A second violation will result in automatic indefinite suspension from the team for the season.

4. Tobacco smoking/vaping and/or chewing

Participants in Derby High School athletic programs shall not smoke/vape or chew any type of tobacco product. Athletes participating in such acts will be subject to the penalties of a major offense. From a health and training standpoint, there is nothing positive about smoking/vaping or chewing tobacco. The punishment for the first violation will be a mandatory penalty by the coach, which must be approved by the athletic director. A second violation will result in a mandatory suspension for 1/10 of the season. A third violation will result in immediate dismissal from the team for the season.

5. Hazing

Any act of hazing, or any act that recklessly or intentionally endangers the health and/or safety of a person for the purpose of initiation or admission into or as a condition of membership of, admission to or affiliation with, a sports activity or any athletic team is strictly prohibited. Refer to BOE policy 5131.91 and CT General Statute 10-233a, et seq. and 53-23a. Any one determined to be involved directly or indirectly with an act of hazing will be subject to an immediate indefinite suspension for their season or longer suspension as determined by the school administration.

****the following is related to numbers 1, 2, 3 & 5 above and also to number 4 when the third violation occurs:**

Further, regardless of what part of the season the act occurs in (beginning, middle, or end), the individual involved will lose all rights to varsity level status and awards of any kind involving Derby High School athletics and attendance at the end of the year banquet or picnic when the violation occurs a second time.

DISCIPLINARY ACTION DUE TO INFRACTIONS

Should any of the rules noted above not be observed, the student will be ruled ineligible. Failure to have a Permission Slip and/or Physical Examination will result in a student being restricted from practicing or attending team functions and games. If a student is not in compliance with the C.I.A.C. rules, he/she will remain ineligible until the violation of rule(s) has been corrected. This is to be done: a) bringing scholastic grades up to the required level, b) taking the required number of courses. c) Satisfying local registration requirements. Obviously, some regulations of the C.I.A.C. are restrictions and will call for a student to be classified ineligible because of age, residency, and/or other basic infractions. Please consult the section of the handbook that deals directly with all C.I.A.C. regulations appendix.

DISMISSAL MEETING

Should it become necessary to dismiss a member of a team for the reasons stated in this section, or for other reasons, a dismissal meeting will be held. To explain more fully, often-times the act of dismissing a participant from a team brings about a great deal of heated emotion on the part of the coach and student/athlete. Things that are said may often be misunderstood. The

dismissal meeting is a communications avenue to eliminate as much of the needless activity connected with the unfortunate activities as possible. Finally, this meeting insures that the right decision is made based on the facts available in the best interests of the team, school and student.

The procedure is quite simple. When a coach is contemplating dismissing a participant for any reason, the coach is to arrange a meeting with the Athletic Director to discuss the problem and related instances prior to announcing such a decision. A participant may be suspended by a coach as a temporary measure as called for in the Coaches' Handbook, until such time as the aforementioned meeting is held. In the final analysis, it will be better to proceed as described above to insure fairness for all involved.

The parents or guardian of any minor student against whom disciplinary action is taken under this policy shall be given notice of such disciplinary action within twenty-four (24) hours of the time the student was excluded.

VII. Alternative Educational Opportunity

The Board of Education recognizes its obligation to offer any student under the age of sixteen (16) who is expelled an alternative educational opportunity during the period of expulsion. Any parent or guardian of such a student who does not choose to have his or her child enrolled in an alternative program shall not be subject to the provisions of section 10-184 of the General Statutes. Any expelled student who is between the ages of sixteen (16) and eighteen (18) and who wishes to continue his or her education shall be offered an alternative educational opportunity if he or she complies with conditions established by the Board of Education, such alternatives may include, but shall not be limited to, the placement of each student in a regular classroom program of a school other than the one from which the student has been excluded and, for students at least sixteen (16) years of age, placement in an adult education program. In determining the nature of the alternative educational opportunity to be offered under this section the Board of Education may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion. State statutes do not require the board to offer an alternative educational opportunity to a student between the ages of sixteen (16) and eighteen (18) who has been expelled previously or who is expelled because of conduct which endangers persons and it was determined at the expulsion hearing that the conduct for which the student was expelled involved (a) possession on school property or a school-sponsored activity of a firearm, deadly weapon, dangerous instrument, or martial arts weapon or (b) offering for sale or distribution on school property or at a school sponsored activity a controlled substance as defined in subdivision (9) of C.G.S. § 21 a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting, or possessing with the intent to sell or dispense, offering, or administration is subject to criminal penalties under C.G.S. § 21 a-277 and 21 a-278. ELECTRONIC COMMUNICATION DEVICES

Personal electronic devices should not be brought to school. If they are, they should be kept in the student's assigned locker.

USE OF HEADPHONES

After meeting with the School Improvement Team and our School Safety Officer, the decision has been made to prohibit the use of headphones during the school day. Headphones are a distraction to the learning environment. In addition, we need to ensure that students can hear any necessary safety announcements or instructions during the school day. Students are asked to remove their headphones once they arrive on campus, students are asked to put their headphones in their lockers or backpacks. Students who do not follow this policy will receive the following consequences:

1st offense: teacher warning

2nd offense: confiscation until the end of the school day

3rd offense: confiscation until a parent/guardian retrieves the item

Derby High School is not responsible for any lost or stolen electronic device. These devices are extremely expensive and the High School strongly urges students not to bring them to school.

DRESS CODE

The Board of Education encourages students to maintain personal cleanliness and to dress in clothing appropriate to school situations.

Student's appearance should be neat and clean. Dress and appearance which cause disruption of the education process or present health and safety problems shall not be permitted.

3. If urgent medical attention is not required, the nurse will inform the administrator of the student's condition.
